MEP/N0216: Use computers to store, retrieve and communicate information

Description

This unit deals in detail with storing, retrieval and communication of information using computers

Scope

This unit/ task covers the following:

- Retrieve information using computers
- Store information using word processors and spread sheets
- Communicate information using presentation software, printouts and emails
- Work safely on computers

Elements and Performance Criteria

Retrieve information using computers

To be competent, the user/individual on the job must be able to:

- PC1.** setup main components of a computer correctly and start it correctly, in a safe
- PC2.** operate the computer to access data and information on it and through it as per authorised privileges
- PC3.** identify the operating system, information storage system and applications/software used for data storage and retrieval
- PC4.** navigate computer drives, directories, folders and software applications to access specified file locations
- PC5.** search for specified file types, files and data within the files using search option

Transcribing shorthand documents

To be competent, the user/individual on the job must be able to:

- PC6.** access specified data or information using specified organisational application software
- PC7.** follow the organisational access control and data security policies to access data and information
- PC8.** input, edit and save specified data or information in the form of letter, report or table using word-processor and spreadsheet applications

Knowledge & use of appropriate symbols

To be competent, the user/individual on the job must be able to:

- PC9.** perform basic designing, formatting, referencing and reviewing activities in a word-processor application as specified for the presentation of information
- PC10.** input, edit and save specified data or information using spreadsheet application
- PC11.** use basic formulas and data tools and techniques for presenting the data as specified using spreadsheet application
- PC12.** search for information using the internet and save in the computer following organisational guidelines and data security norms

Qualification Pack

PC13. follow organisational policy for naming stored files, maintaining backups and version control

PC14. share information as per organisational data security and confidentiality policy

PC15. share information using presentation software as per specifications

PC16. share information from computers using printed letters, reports or data sheets as specified

To be competent, the user/individual on the job must be able to:

PC17. communicate information using email applications as per organisational access control policy while following data security norms

PC18. write emails following professional email etiquettes and organisational guidelines

PC19. follow electrical safety precautions while using computers which use electricity to run

PC20. follow ergonomic guidelines specified for working on computers

PC21. follow cyber security guidelines while storing, retrieving or communicating information online (through the internet)

PC22. seek assistance of IT helpdesk available as per organisational policy in case of computer related problems

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

KU1. organizations access control policy, data security policy and confidentiality policy

KU2. organisational policy for naming stored files, maintaining backups and version control

KU3. organisational hierarchy, various department, reporting structure and escalation matrix

KU4. common information and data relevant to ones job role as per the organisational context

KU5. various software applications used in the organisation for storage, retrieval and communication of data and information

KU6. information systems used in the organisation for recording and managing data and information

KU7. main components of a computer and how-to setup a computer

KU8. various operating systems commonly used by organisations for their computers

KU9. how to start, operate and navigate computers using common operating systems such as Windows, Linux and iMac

KU10. various data storages accessible through computers

KU11. common information storage systems used for storage and retrieval of data

KU12. various application software used in organisations to store, retrieve and communicate information

KU13. basic letter and report writing guidelines

KU14. data entry, editing, storage, designing, formatting, referencing and reviewing activities in a word-processor application

KU15. data entry, editing and storage, calculation, formatting, organising and presenting tools and techniques using spreadsheet application

KU16. various search options for seeking information using the internet

KU17. how to create simple presentations using presentation software

KU18. how to use printers connected to computers to obtain printouts of files or information in files

Qualification Pack

- KU19.** various email applications used in organisations
- KU20.** professional email etiquettes and their importance
- KU21.** electrical safety precautions while using computers which use electricity to run
- KU22.** ergonomic guidelines specified for working on computers
- KU23.** cyber security guidelines while storing, retrieving or communicating information online (through the internet)
- KU24.** methods to deal with computer related problems

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** write correctly in English or local language while taking and passing messages
- GS2.** document and maintain the record as per company policy
- GS3.** read contact details of staff members and departments for forwarding mail accurately
- GS4.** communicate effectively with courier vendors, staff and respond to their queries
- GS5.** interact in language the courier vendor is comfortable such as native language, or English
- GS6.** use effective listening and probing /questioning skills to understand requirement of the vendor or staff member
- GS7.** identify category of incoming mail, appropriate department and personnel it is for
- GS8.** identify category of outgoing mail and appropriate mode of dispatch as per organisational guidelines
- GS9.** spot and communicate potential areas of disruptions to work process and report the same
- GS10.** interact with irate or distressed staff or vendors, in a professional manner and as per requirement to resolve matters and calm them down
- GS11.** plan ones day to day tasks to achieve maximum productivity
- GS12.** be punctual and work as per agreed priorities
- GS13.** plan and organise official and personal work so as to have minimum downtime
- GS14.** organise for replacement in advance before leaving work desk for any reason
- GS15.** plan for most efficient method for handling work satisfactorily even when faced with volume of packages and other work
- GS16.** manage distractions and maintain workplace discipline
- GS17.** listen to the vendor or staff member carefully and interpret their requirement
- GS18.** be patient and courteous with different types of visitors under all circumstances and situations
- GS19.** apply problem solving skills that require negotiation to resolve problems of a difficult nature within organisation protocols
- GS20.** improve work processes by using simple techniques like resequencing, reducing duplication of effort, etc

MEP/N0218: Manage vendors for procurement of office supplies and services

Description

This unit is about sourcing and managing vendors for procurement of office requirements in terms of supplies and services.

Scope

This unit/ task covers the following:

- Source and register vendors for procurement of office supplies and services
- Monitor vendors to ensure procurement as per agreed terms
- Ensure timely vendor payments

Elements and Performance Criteria

Source and register vendors for procurement of office supplies and services

To be competent, the user/individual on the job must be able to:

- PC1.** obtain requisition for goods or services from authorised persons as per organisational requisitioning process with details of goods or services required including quantity, quality and delivery schedule related specifications
- PC2.** obtain organisational norms for vendor evaluation and selection
- PC3.** source and collect information about suppliers providing the desired supplies and materials in the market through secondary research and contacts
- PC4.** select right supplier(s) for required supplies and materials as per organisational policy using various criteria for selection
- PC5.** obtain quotations from supplier(s) after providing them quality / brand specifications and quantity requirements of the desired materials
- PC6.** negotiate with supplier(s) on prices and supply time of materials to get the best deal for the organisation
- PC7.** evaluate suppliers using organisational criteria in order to identify supplier(s) that best meet requirements by preparing a comparative costing and terms and conditions of the vendors
- PC8.** complete documentation for selection for the supplier including contracts, internal approvals, etc.
- PC9.** register the vendor in co-ordination with finance team as per organisational norms after sourcing vendor registration information and documentation from the vendor

Monitor vendors to ensure procurement as per agreed terms

To be competent, the user/individual on the job must be able to:

- PC10.** release purchase order for procurement of the required goods or services to the supplier in co-ordination with the finance department
- PC11.** assess the quality of goods and services supplied against specifications
- PC12.** chase up late or incorrect orders with suppliers

Qualification Pack

- PC13.** determine and document non-compliance and implement corrective action within the terms of contractual arrangements
- PC14.** manage relationships with suppliers to support effective delivery according to workplace procedures
- PC15.** review and renegotiate vendor agreements as required to ensure timely delivery and cost-effective supply of quality goods and services

Ensure timely vendor payments

To be competent, the user/individual on the job must be able to:

- PC16.** obtain and check invoice or bill of purchases from vendor after the delivery of goods or services, check to ensure it is correct as per the agreed terms of contract
- PC17.** complete and forward documentation for processing payments, while and co-ordinate between vendor and finance department for timely release of payment to the vendor

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** organisation norms for procurement, vendor selection, contracting and payments
- KU2.** organizations purchase requirements for which vendors are required
- KU3.** typical vendor profile for the organisation
- KU4.** organisational procedures for reviewing the performance of suppliers
- KU5.** contract performance and dispute policies and procedures
- KU6.** business policies and plans as they relate to supply contracts
- KU7.** organisational hierarchy, various department, reporting structure and escalation matrix
- KU8.** legislative and organisational procurement guidelines
- KU9.** suppliers in the marketplace
- KU10.** common use arrangements
- KU11.** financial accountability requirements
- KU12.** probity and ethical issues
- KU13.** procedures for receipt and payment of goods and services
- KU14.** procurement approval procedures
- KU15.** indicators which assist in evaluation of supplier and their supplies Indicators: price, quality, supply reliability, stock range, delivery schedules, warranties and post-purchase support, variation from supply specifications, ethics and dependability, etc

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** fill in relevant forms and formats clearly and accurately
- GS2.** write messages, notes and short descriptive text with reasonable accuracy for accurate reading comprehension and interpretation of the information text
- GS3.** write factual and quantitative information such as details of people, areas, equipment, dates, timelines, nature of stock and quantities correctly

Qualification Pack

- GS4.** write both in English and Local language to carry out work related tasks
- GS5.** write numbers in figures and words using decimal system
- GS6.** read and interpret correctly roman numerals
- GS7.** express monetary value in words and figures with appropriate currency units accurately
- GS8.** document and maintain the record as per company's policy
- GS9.** read official documents in English and Local Language to interpret main points correctly
- GS10.** read job sheets, quotations, contracts, company policy documents and information displayed at the workplace to interpret main points correctly
- GS11.** read notes or comments from the supervisor, other co-workers or vendors
- GS12.** read and extract relevant information from contracts/purchase/receiving documentation including material specifications, vendor details, delivery details, quantities, status, etc
- GS13.** communicate effectively with visitors, vendors, co-workers (seniors, peers, sub-ordinates and temporary staff) and others, responding to their queries using clear speech, professionally acceptable tone of voice, words, and phrases
- GS14.** interact in English and/or the local language to respond to visitors in a language they are comfortable with
- GS15.** use effective listening and probing /questioning skills to understand requirement of the visitors, vendors and user/coordinating departments
- GS16.** provide clear instructions to the visitors for where they need to go and the formalities they need to complete
- GS17.** identify category of visitor, purpose of visit and the appropriate department and personnel to serve them
- GS18.** identify discrepancies between ordered and received materials, on the basis of documentation and physical verification, that may be classified as noncompliance
- GS19.** prioritise tasks while planning and assigning work based on importance and urgency
- GS20.** plan one day to day tasks to achieve optimum productivity
- GS21.** be punctual and work as per priorities agreed with supervisors
- GS22.** plan and organise official and personal work so as to have minimum downtime at work
- GS23.** manage distractions and maintain workplace discipline
- GS24.** plan and organise information and documentation required to carry out dealings with vendors
- GS25.** plan visit schedules taking into account travel time, formalities completion time and possible, likely exigencies
- GS26.** use basic technology aids such as calculators, and office applications (Calendar/Word Processors/Notes/Spreadsheets) on computers to facilitate planning
- GS27.** create basic work plans detailing tasks/activities, time allocations, materials resources, assigned responsibilities, required to achieve desired results in a time-bound manner
- GS28.** identify potential impact on customer and organisation of sub-standard material and supplies received from vendors
- GS29.** listen to vendors and user department personnel carefully and interpret their requirement and viewpoints accurately
- GS30.** identify potential impact on customer and organisation of malfunctioning or out-of-order equipment and facilities

Qualification Pack

- GS31.** listen to cleaning and maintenance staff carefully and interpret their requirement and viewpoints accurately
- GS32.** maintain appropriate physical distance with visitors or co-workers during conversations
- GS33.** be patient and courteous with different types of co-workers under all circumstances and situations
- GS34.** apply problem solving skills that require negotiation to resolve problems of a difficult nature within organisation protocols
- GS35.** take action as appropriate to requests or problems, based on company policy
- GS36.** determine whether to escalate matters to seniors or resolve matters by oneself, based on the nature of the issue and limits of authority required to address it
- GS37.** interpret quotations accurately to identify if it meets requirements and specifications of user department requisitions/indents
- GS38.** identify vendor malpractices, that may be deliberate or not, that may cause losses to the organisation
- GS39.** observe, record, analyse and modify work practices to achieve productivity gains
- GS40.** breakdown relevant work process into its constituent activities for ease of analysis
- GS41.** identify and classify impact of various worker behaviour and practices as beneficial or damaging to organisational success
- GS42.** determine which staff behaviours and work practices need to be encouraged or discouraged, on the basis of how they contribute to development of positive or negative organisational culture
- GS43.** conduct vendor evaluation and follow related control processes
- GS44.** evaluate relevant criteria to be factored in before re-ordering supplies or materials in different situations
- GS45.** identify factors to be considered to prioritise vendors during selection in different situations

MEP/N0219: Maintain and issue office stationary and supplies

Description

This unit deals in detail with maintenance and issuance of office stationary and supplies.

Scope

This unit/ task covers the following:

- Maintain and issue stocks of stationary and supplies Performance

Elements and Performance Criteria

Maintain and issue stocks of stationary and supplies

To be competent, the user/individual on the job must be able to:

- PC1.** receive and store stationary and supplies in a safe, secure hygienic manner
- PC2.** organise the stored supplies to ensure that they are easily retrievable and can be withdrawn on a first in- first out basis
- PC3.** make accurate entries of stock received and stored in the stock register maintained physically as well as using computer applications
- PC4.** maintain the requirements of storage and security
- PC5.** carry out stock checks, including physical and document verification
- PC6.** receive and record request for issuing of stationary and supplies
- PC7.** issue stationary and supplies in accordance with requirements
- PC8.** maintain up-to-date records of stock issued, against available in storage in the stock register
- PC9.** file acknowledgement of receipt of stationary or supply issues securely
- PC10.** monitor stocks of stationary and supplies levels to identify when to re-order as per re-order levels established by organisation
- PC11.** raise requisition promptly when re-order levels are reached following organisational process laid out for the same
- PC12.** deal with unwanted or damaged stationary and supplies safely and as per organisational guidelines

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** organisational policies, procedures and levels of authority in maintaining, issuing and re-ordering supplies
- KU2.** organisational hierarchy, various department, reporting structure and escalation matrix
- KU3.** guidelines for safe, secure and hygienic storage
- KU4.** concept of first-in, first-out and its importance
- KU5.** concept of re-order levels

Qualification Pack

- KU6.** how to carry out a stock check of stationery
- KU7.** types of problems that may occur with deliveries and stock items
- KU8.** how to deal with problems that occur with deliveries and stock items
- KU9.** the factors to take into account when ordering stationery factors: price, availability, delivery date(s), discount on bulk ordering, choice, one supplier or two
- KU10.** benefits and limitations of different potential suppliers, against organisational requirements
- KU11.** how to calculate quantities of stationery and supplies to be ordered
- KU12.** how to dispose of or recycle waste

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** fill in relevant forms and formats clearly and accurately
- GS2.** write messages, notes and short descriptive text with reasonable accuracy for accurate reading comprehension and interpretation of the information text
- GS3.** write factual and quantitative information such as details of people, areas, equipment, dates, timelines, nature of stock and quantities correctly
- GS4.** write both in English and Local language to carry out work related tasks

MEP/N0221: Organise for local transport and out-station ticketing for staff in co-ordination with travel vendor

Description

This unit deals in detail with organising for local transport and out-station ticketing for staff in co-ordination with travel vendor.

Scope

This unit/ task covers the following:

- Organise local transportation and outstation ticketing Performance

Elements and Performance Criteria

Organise local transportation and outstation ticketing

To be competent, the user/individual on the job must be able to:

- PC1.** confirm purpose and requirements of local or outstation travel including planned itinerary, budget, meeting requirements and traveller preferences
- PC2.** prepare travel plan and schedule in the format agreed on with the approved travel agent or vendor and share the information
- PC3.** receive travel mode options along with detailed schedule and costing for each from the travel agent or vendor
- PC4.** share the travel mode options, schedule and costing with authorised personnel for approval
- PC5.** make bookings in accordance with organisational policies and procedures for business travel
- PC6.** identify and arrange for travel documents in accordance with itinerary and individual requirements
- PC7.** confirm and check travel arrangements and dispatch confirmation documents to the traveller within designated timelines
- PC8.** negotiate and confirm alternative arrangements in response to changed requirements
- PC9.** record travel details and itinerary in accordance with organisational requirements
- PC10.** tally invoiced items for payment received from travel agent or vendor with actual travel request records and approve for payment

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** organizations access control policy, data security policy and confidentiality policy
- KU2.** organisational policy for naming stored files, maintaining backups and version control
- KU3.** organisational hierarchy, various department, reporting structure and escalation matrix
- KU4.** common information and data relevant to ones job role as per the organisational context

Qualification Pack

- KU5.** various software applications used in the organisation for storage, retrieval and communication of data and information
- KU6.** information systems used in the organisation for recording and managing data and information
- KU7.** travel itinerary and its components
- KU8.** various ticketing avenues and related procedures
- KU9.** various forms of payment and related authorisations
- KU10.** various types of seating in different modes of transport
- KU11.** various travel documents required for travel to different places
- KU12.** passenger information required for various types of travel booking
- KU13.** travel cost and ticket cost components
- KU14.** information available on tickets
- KU15.** various operating systems commonly used by organisations for their computers
- KU16.** basic letter and report writing guidelines
- KU17.** data entry, editing, storage, designing, formatting, referencing and reviewing activities in a word-processor application
- KU18.** data entry, editing and storage, calculation, formatting, organising and presenting tools and techniques using spreadsheet application
- KU19.** searching for information using the internet
- KU20.** how to use printers connected to computers to obtain printouts of files or information in files
- KU21.** various email applications used in organisations
- KU22.** professional email etiquette and its importance
- KU23.** electrical safety precautions while using computers which use electricity to run
- KU24.** ergonomic guidelines specified for working on computers
- KU25.** cyber security guidelines while storing, retrieving or communicating information online (through the internet)
- KU26.** methods to deal with computer related problems

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** fill in relevant forms and formats clearly and accurately
- GS2.** write messages, notes and short descriptive text with reasonable accuracy for accurate reading comprehension and interpretation of the information text
- GS3.** write factual and quantitative information such as details of people, areas, equipment, dates, timelines, nature of stock and quantities correctly
- GS4.** write both in English and Local language to carry out work related tasks
- GS5.** write numbers in figures and words using decimal system
- GS6.** read and interpret correctly roman numerals
- GS7.** express monetary value in words and figures with appropriate currency units accurately
- GS8.** document and maintain the record as per company's policy

Qualification Pack

- GS9.** read official documents in English and Local Language to interpret main points correctly
- GS10.** read job sheets, quotations, contracts, company policy documents and information displayed at the workplace to interpret main points correctly
- GS11.** read notes or comments from the supervisor, other co-workers or vendors
- GS12.** read and extract relevant information from contracts/tickets/other travel documentation including transport details, destinations, vendor details, delivery details, rates, quantities, status, etc.
- GS13.** communicate effectively with vendors, co-workers (seniors, peers, sub-ordinates and temporary staff) and others, responding to their queries using clear speech, professionally acceptable tone of voice, words, and phrases
- GS14.** interact in English and/or the local language to respond to visitors in a language they are comfortable with
- GS15.** use effective listening and probing /questioning skills to understand requirement of the vendors and user/coordinating departments
- GS16.** provide clear instructions to the co-workers for where they need to go and the formalities they need to complete for various travel requirements
- GS17.** identify discrepancies between booking instructions and actual travel arrangements, on the basis of documentation, to uncover errors or malpractice, address matters accordingly
- GS18.** prioritise tasks while planning and assigning work based on importance and urgency
- GS19.** plan ones day to day tasks to achieve optimum productivity
- GS20.** be punctual and work as per priorities agreed with supervisors
- GS21.** plan and organise official and personal work so as to have minimum downtime at work
- GS22.** manage distractions and maintain workplace discipline
- GS23.** plan and organise documentation in order to have ease of retrieval, and safety and security of documentation
- GS24.** plan visit schedules taking into account travel time, formalities completion time and possible, likely exigencies
- GS25.** identify potential impact on customer and organisation of erroneous travel bookings
- GS26.** listen to vendors and user department personnel carefully and interpret their requirement and viewpoints accurately
- GS27.** follow good customer service practices with internal and external customers
- GS28.** differentiate between good and bad customer service to internal customers
- GS29.** maintain appropriate physical distance with visitors or co-workers during conversations
- GS30.** be patient and courteous with different types of co-workers under all circumstances and situations
- GS31.** apply problem solving skills that require negotiation to resolve problems of a difficult nature within organisation protocols
- GS32.** take action as appropriate to requests or problems, based on company policy
- GS33.** determine whether to escalate matters to seniors or resolve matters by oneself, based on the nature of the issue and limits of authority required to address it
- GS34.** interpret quotations accurately to identify if it meets requirements and specifications of user department requisitions/indents
- GS35.** identify vendor malpractices, that may be deliberate or not, that may cause losses to the organisation

Qualification Pack

- GS36.** observe, record, analyse and modify work practices to achieve productivity gains
- GS37.** breakdown relevant work process into its constituent activities for ease of analysis
- GS38.** classify impact of various worker behaviour and practices as beneficial or damaging to organisational success
- GS39.** determine which staff behaviours and work practices need to be encouraged or discouraged, on the basis of how they contribute to development of positive or negative organisational culture
- GS40.** conduct vendor evaluation and follow related control processes
- GS41.** evaluate relevant criteria to be factored in before re-ordering supplies or materials in different situations
- GS42.** identify factors to be considered to prioritise vendors during selection in different situations
- GS43.** select and prioritise travel arrangements based on various important considerations such as risk, environmental conditions, etc. in different situations

Qualification Pack

MEP/N0222: Organise for meeting rooms and venues for office meetings and events

Description

This unit deals in detail with responding to phone calls received at the reception fulfilling the callers requirement.

Scope

This unit/ task covers the following:

- Organise for meeting rooms and venues Performance

Elements and Performance Criteria

Organise for meeting rooms and venues

To be competent, the user/individual on the job must be able to:

- PC1.** identify meeting related specifications such as location, no. of participants expected, budget available, seating arrangements, facilities required from the authorised personnel
- PC2.** identify venues available that match the specifications
- PC3.** share venue options that meet specifications with authorised person for selection and approval
- PC4.** follow organisation protocol for registering and engaging vendor for the venue
- PC5.** book venue in advance and send venue conformation and details to invitees
- PC6.** provide instructions to vendor for facilities required for the meeting such a ICT equipment, party services, seating arrangement, etc.
- PC7.** contact various service providers like pantry service, logistic service, IT service, electrician for lights/AC, etc. about the program schedule and let them know requirements for meeting in advance
- PC8.** organise for stationary and documents needed for the meeting in time as per instructions received
- PC9.** inspect the meeting venue before the start of the meeting to ensure at the requirements as specified are available
- PC10.** ensure meeting venue is risk free and equipped with necessary health and safety resources like fire extinguishers, safety signage, clean toilets, security arrangements, etc.
- PC11.** confirm overall arrangements with relevant personnel co-ordinating the meeting
- PC12.** co-ordinate with meeting personnel and supervise service providers to ensure smooth delivery of all facilities as required and organising of additional requirements that arise
- PC13.** obtain feedback from the relevant personnel organising the meeting after the meeting is completed and identify areas of improvement for self and service providers

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

Qualification Pack

- KU1.** standards, policies, and procedures followed in the company relevant to own employment and performance conditions
- KU2.** organizations products, services
- KU3.** typical caller profile for the organisation
- KU4.** organisational culture and code of conduct with incoming calls
- KU5.** organisational hierarchy, various department, reporting structure and escalation matrix
- KU6.** company policy for receiving calls, greeting callers and maintaining caller records
- KU7.** common telecommunications systems and how to use them to take, forward and hold incoming calls as well as make calls
- KU8.** importance of speaking clearly and slowly when dealing with customers by telephone
- KU9.** effects of smiling and other facial expressions that can be detected by somebody listening to you on the telephone
- KU10.** importance of adapting your speech to meet the needs of customers
- KU11.** who may find your language or accent difficult to understand
- KU12.** what information it is important to note during or after telephone conversations with customers
- KU13.** importance of keeping the caller informed if they are on hold during a call
- KU14.** importance of not talking across an open line
- KU15.** what details should be included if taking a message for a colleague
- KU16.** how to identify, handle and escalate abusive callers, suspicious callers, distressed cars as well as VIP callers

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** fill in relevant forms and formats clearly and accurately
- GS2.** write messages, notes and short descriptive text with reasonable accuracy for accurate reading comprehension and interpretation of the information text
- GS3.** write factual and quantitative information such as details of people, areas, equipment, dates, timelines, nature of stock and quantities correctly

MEP/N9903: Apply health and safety practices at the workplace

Description

This unit deals in detail with application of health and safety practices in a training and assessment environment

Scope

This unit/ task covers the following:

- Apply relevant health and safety practices at the workplace
- Maintain a healthy and hygienic environment
- Deal with emergency situations
- Follow fire safety requirements

Elements and Performance Criteria

Apply relevant health and safety practices at the workplace

To be competent, the user/individual on the job must be able to:

- PC1.** identify, control and report health and safety issues relating to immediate work environment according to procedures
- PC2.** work safely and apply health and safety practices in the training and assessment environment including using appropriate personal protective equipment (PPE) where required
- PC3.** follow procedures and instructions for dealing with hazards, within the scope of responsibilities and competencies
- PC4.** document and report all hazards, accidents and near-miss incidents as per set process
- PC5.** document safety records according to organisational policies

Maintain a healthy and hygienic environment

To be competent, the user/individual on the job must be able to:

- PC6.** maintain the work area in a clean and tidy condition
- PC7.** maintain personal hygiene
- PC8.** report hygiene related concerns promptly to the relevant authority

Emergencies, rescue and first-aid procedures

To be competent, the user/individual on the job must be able to:

- PC9.** demonstrate how to free a person from electrocution
- PC10.** administer appropriate first aid to victims wherever required e.g. in case of bleeding, burns, choking, electric shock, poisoning etc.
- PC11.** demonstrate basic techniques of bandaging
- PC12.** respond promptly and appropriately to an accident situation or medical emergency in real or simulated environments
- PC13.** perform and organize loss minimization or rescue activity during an accident in real or simulated environments

Qualification Pack

- PC14.** administer first aid to victims in case of a heart attack or cardiac arrest due to electric shock, before the arrival of emergency services in real or simulated cases
- PC15.** demonstrate the artificial respiration and the CPR Process
- PC16.** participate in emergency proceduresEmergency procedures: raising alarm, safe/efficient, evacuation, correct means of escape, correct assembly point, roll call, correct return to work
- PC17.** complete a written accident/incident report or dictate a report to another person, and send report to person responsibleIncident Report includes details of: name, date/time of incident, date/time of report, location, environment conditions, persons involved, sequence of events, injuries sustained, damage sustained, actions taken, witnesses, supervisor/manager notified
- PC18.** demonstrate correct method to move injured people and others during an emergency

Follow fire safety requirements

To be competent, the user/individual on the job must be able to:

- PC19.** use the various appropriate fire extinguishers on different types of fires correctlyTypes of fires: Class A: e.g. ordinary solid combustibles, such as wood, paper, cloth, plastic, charcoal, etc.; Class B: flammable liquids and gases, such as gasoline, propane, diesel fuel, tar, cooking oil, and similar substances; Class C: e.g. electrical equipment such as appliances, wiring, breaker panels, etc. (These categories of fires become Class A, B, and D fires when the electrical equipment that initiated the fire is no longer receiving electricity); Class D: combustible metals such as magnesium, titanium, and sodium (These fires burn at extremely high temperatures and require special suppression agents)

To be competent, the user/individual on the job must be able to:

- PC20.** demonstrate rescue techniques applied during fire hazard
- PC21.** demonstrate good housekeeping in order to prevent fire hazards
- PC22.** demonstrate the correct use of a fire extinguisher

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** Health Safety and Environment (HSE) practices including the appropriate use of personal protective equipment- hand gloves, safety shoes, safety goggles, masks, apron, Safe use of tools and equipment, taking action and reporting hazardous events, Communication protocols for reporting risks and hazardous events
- KU2.** relevant Occupational Health and Safety (OHS) regulations
- KU3.** relevant statutory legislation
- KU4.** relevant enterprise/site safety procedures
- KU5.** enterprise /site emergency procedures and techniques
- KU6.** waste and dangerous materials disposal procedures and practices
- KU7.** procedures for the recording, reporting and maintenance of workplace safety and hygiene
- KU8.** meaning of hazards and risks
- KU9.** health and safety hazards commonly present in the work environment and related precautions

Qualification Pack

- KU10.** possible causes of risk, hazard or accident in the workplace and why risk and/or accidents are possible
possible causes of risk and accident: physical actions; reading; listening to and giving instructions; inattention; sickness and incapacity (such as drunkenness); health hazards (such as untreated injuries and contagious illness)
- KU11.** methods of accident prevention
Methods of accident prevention: training in health and safety procedures; using health and safety procedures; use of equipment and working practices (such as safe carrying procedures); safety notices, advice; instruction from colleagues and supervisors
- KU12.** safe working practices when working with tools and machines
- KU13.** safe working practices while working at various hazardous sites
- KU14.** where to find all the general health and safety equipment in the workplace
- KU15.** various dangers associated with the use of electrical equipment
- KU16.** preventative and remedial actions to be taken in the case of exposure to toxic materials
Exposure: ingested, contact with skin, inhaled
Preventative action: ventilation, masks, protective clothing/ equipment); Remedial action: immediate first aid, report to supervisor
Toxic materials: solvents, flux, lead
- KU17.** importance of using protective clothing/equipment while working
- KU18.** precautionary activities to prevent the fire accident
- KU19.** various causes of fire
Causes of fires: heating of metal; spontaneous ignition; sparking; electrical heating; loose fires (smoking, welding, etc.); chemical fires; etc.
- KU20.** techniques of using the different fire extinguishers
- KU21.** different methods of extinguishing fire
- KU22.** different materials used for extinguishing fire
Materials: sand, water, foam, CO₂, dry powder
- KU23.** rescue techniques applied during a fire hazard
- KU24.** various types of safety signs and what they mean
- KU25.** appropriate basic first aid treatment relevant to the condition eg. shock, electrical shock, bleeding, breaks to bones, minor burns, resuscitation, poisoning, eye injuries
- KU26.** content of written accident report
- KU27.** potential injuries and ill health associated with incorrect manual handling
- KU28.** safe lifting and carrying practices
- KU29.** personal safety, health and dignity issues relating to the movement of a person by others
- KU30.** potential impact to a person who is moved incorrectly

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** write Health and safety compliance report
- GS2.** interpret general health and safety guidelines
- GS3.** communicate general health and safety guidelines to learners
- GS4.** act in case of any potential hazards observed in the work place
- GS5.** take adequate measures to ensure the safety of students and visitors to training venue
- GS6.** provide assistance with the general care and wellbeing of learners

Qualification Pack

- GS7.** analyse what could constitute a health and safety Risk or Hazard
- GS8.** recognise emergency and potential emergency situations
- GS9.** identify what should or should not be done to protect from a health and safety risk or hazard

Qualification Pack

MEP/N9914: Communicate with clients, visitors and colleagues effectively

Description

This unit deals in detail with communicating effectively with superiors, colleagues, visitors and customers to achieve a smooth workflow.

Scope

This unit/ task covers the following:

- Interact with superiors
- Communicate with colleagues
- Communicate effectively with customers

Elements and Performance Criteria

Interact with Superiors

To be competent, the user/individual on the job must be able to:

- PC1.** seek and obtain clarification about job related requirements, performance indicators and incentives from reporting superior
- PC2.** record and report work output, exceptions and any anticipated reasons for delays to supervisor as per organisational requirements
- PC3.** escalate grievances and problems to appropriate authority as per procedure to resolve them and avoid conflict
- PC4.** seek and receive feedback on performance output and quality

Communicate with colleagues

To be competent, the user/individual on the job must be able to:

- PC5.** accurately receive information and instructions from colleagues getting clarification where required
- PC6.** accurately pass on information to authorized persons who require it and within agreed timescale and confirm its receipt
- PC7.** give information to others clearly, at a pace and in a manner that helps them to understand
- PC8.** display helpful behaviour by assisting others in performing tasks in a positive manner, where required and possible
- PC9.** consult with and assist others to maximize effectiveness and efficiency in carrying out tasks
- PC10.** display appropriate communication etiquette while working
Communication etiquette: do not use abusive language; use appropriate titles and terms of respect; do not eat or chew while talking (vice versa) etc
- PC11.** display active listening skills while interacting with others at work
- PC12.** use appropriate tone, pitch and language to convey politeness, assertiveness, care and professionalism
- PC13.** demonstrate responsible and disciplined behaviours at the workplace
Disciplined behaviours: e.g. punctuality; completing tasks as per given time and standards; not gossiping and idling time; eliminating waste, honesty, etc.

Qualification Pack

PC14. interact with colleagues from different functions clearly and effectively on all aspects to carry out the work among the team and understand the nature of their work

Communicate effectively with customers

To be competent, the user/individual on the job must be able to:

PC15. meet and greet visitors promptly, treating them politely and making them feel welcome

PC16. ask questions politely to the visitors in order to identify them and their needs

PC17. provide clear and accurate information visitors as per their requirement, while following organisation policies for information access and confidentiality

PC18. communicate with the visitors in a polite, professional and friendly manner

PC19. listen actively in a two way communication

PC20. be sensitive to the gender, cultural and social differences such as modes of greeting, formality, etc

PC21. identify customer dissatisfaction, reason for dissatisfaction and address to their complaints effectively

PC22. ensure to maintain a proper body language, dress code, gestures and etiquettes towards the customers

PC23. allow the visitors to complete what they have to say without interrupting them while they talk

PC24. ensure to avoid negative questions and statements to the customers

Assessment Guidelines and Assessment Weightage

Assessment Guidelines

1. Criteria for assessment for each Qualification Pack will be created by the Sector Skill Council. Each Performance Criteria (PC) (PC) will be assigned marks proportional to its importance in NOS. SSC will also lay down proportion of marks for Theory and Skills Practical for each PC.
2. The assessment for the theory part will be based on knowledge bank of questions created by the SSC.
3. Individual assessment agencies will create unique question papers for theory part for each candidate at each examination/training center (as per assessment criteria below).
4. Individual assessment agencies will create unique evaluations for skill practical for every student at each examination/ training center based on these criteria.
5. In case of successfully passing only certain number of NOSs, the trainee is eligible to take subsequent assessment on the balance NOS's to pass the Qualification Pack.
6. In case of unsuccessful completion, the trainee may seek reassessment on the Qualification Pack

Minimum Aggregate Passing % at QP Level : 70

Qualification Pack

(Please note: Every Trainee should score a minimum aggregate passing percentage as specified above, to successfully clear the Qualification Pack assessment.)

Glossary

Sector	Sector is a conglomeration of different business operations having similar business and interests. It may also be defined as a distinct subset of the economy whose components share similar characteristics and interests.
Sub-sector	Sub-sector is derived from a further breakdown based on the characteristics and interests of its components.
Occupation	Occupation is a set of job roles, which perform similar/ related set of functions in an industry.
Job role	Job role defines a unique set of functions that together form a unique employment opportunity in an organisation.
Occupational Standards (OS)	OS specify the standards of performance an individual must achieve when carrying out a function in the workplace, together with the Knowledge and Understanding (KU) they need to meet that standard consistently. Occupational Standards are applicable both in the Indian and global contexts.
Performance Criteria (PC)	Performance Criteria (PC) are statements that together specify the standard of performance required when carrying out a task.
National Occupational Standards (NOS)	NOS are occupational standards which apply uniquely in the Indian context.
Qualifications Pack (QP)	QP comprises the set of OS, together with the educational, training and other criteria required to perform a job role. A QP is assigned a unique qualifications pack code.
Unit Code	Unit code is a unique identifier for an Occupational Standard, which is denoted by an 'N'
Unit Title	Unit title gives a clear overall statement about what the incumbent should be able to do.
Description	Description gives a short summary of the unit content. This would be helpful to anyone searching on a database to verify that this is the appropriate OS they are looking for.
Scope	Scope is a set of statements specifying the range of variables that an individual may have to deal with in carrying out the function which have a critical impact on quality of performance required.

Qualification Pack

Knowledge and Understanding (KU)	Knowledge and Understanding (KU) are statements which together specify the technical, generic, professional and organisational specific knowledge that an individual needs in order to perform to the required standard.
Organisational Context	Organisational context includes the way the organisation is structured and how it operates, including the extent of operative knowledge managers have of their relevant areas of responsibility.
Technical Knowledge	Technical knowledge is the specific knowledge needed to accomplish specific designated responsibilities.
Core Skills/ Generic Skills (GS)	Core skills or Generic Skills (GS) are a group of skills that are the key to learning and working in today's world. These skills are typically needed in any work environment in today's world. These skills are typically needed in any work environment. In the context of the OS, these include communication related skills that are applicable to most job roles.
Electives	Electives are NOS/set of NOS that are identified by the sector as contributive to specialization in a job role. There may be multiple electives within a QP for each specialized job role. Trainees must select at least one elective for the successful completion of a QP with Electives.
Options	Options are NOS/set of NOS that are identified by the sector as additional skills. There may be multiple options within a QP. It is not mandatory to select any of the options to complete a QP with Options.
