BACKGROUND OF HARYANA SKILL DEVELOPMENT MISSION

Name of the Mission	Haryana Skill Development Mission (HSDM)
Name of the Department	Skill Development and Industrial Training Department
Registered under	Haryana Registration & Regulation of Societies Act, 2012
Area of Operation	Within various districts of Haryana
Schemes Covered	SURYA, PMKVY 2.0, Saksham Yuva, Driver's Training, Centre of Excellence, Udyog Mitra, Finishing School, Entrepreneurship Development Program, Recognition of Prior Learning, SAMARTH

HSDM is determined to bring a U-turn in skill development sector of Haryana and is progressively working towards meeting Mission target of skilling 58,051 youth during the FY 2019-20 through its various schemes. The Skill Development Mission is not only targeting the training but also ambitiously focusing on the placement of the trained youth by taking the benefit of the demographic dividend. The placement is targeted both for Self and wage employment based demand of the market and the sector specific Industries.

HSDM, Mission is actively adopting various innovative ideas and best practices under the leadership and direction of Shri Vineet Garg, IAS, PS, SDIT & Vice-President-I, HSDM, Haryana and Shri Raj Nehru, Mission Director, HSDM.

The Government of Haryana in its endeavour to promote employability and entrepreneurship of its youth has been creating and continues to establish world class skill infrastructure in the State. It is the State's endeavour to put Haryana as a Skill Capital of the country over the next five years. HSDM has set up a daily governance meeting to speed up the execution of deliverables.

Entrepreneurship Development Program (EDP)

RPL is a key component of the Pradhan Mantri Kaushal Vikas Yojna (PMKVY) 2.0. RPL largely refers to an assessment process used to evaluate a person's existing Skill sets, knowledge and experience gained either by formal, non-formal or informal learning. RPL may be leveraged to not just recognize the skills of the roles holders but also upskill them.

UDYOG MITRA

The Udyog Mitra model envisions a mechanism to drive “Skills by Industry for Industry”. By this model HSDM aims to institutionalise a robust “Earn& Learn” model for the youth that integrates Industry driven Skilling and Apprenticeship, leading to employability. This industry-centric flexible model would incentivize Industry to actively participate and seamlessly enable this value-chain

Achievement APRIL 2020 TO DECEMBER 2020:

Haryana Skill Development Mission (HSDM) in collaboration with its training partners encloses a reservoir of around 50,000 students (aspiring for job opportunities) belonging to multi-faceted domains. Envisioned with the aim to unlock future trails for these aspirants, corporates are anticipated to bestow employment opportunities to them by embracing them in recruitment drives premeditated at state level. Envisaging pragmatic realization of the plan, HSDM is geared up to proffer every possible support for its implementation on mutual grounds.

Job Fairs / Rozgaar Melas /Alumni Meet

The Placement figures for SURYA, PMKVY and EDP schemes together till date is over 12000 out of around 40000 certified trainees. The figures are progressing every month and TP's have started taking more ownership towards placements. This is evident from the fact that Job Fairs/ Rozgaar Melas are taking place across different districts for placements of

the trained youth. **68 Job Fairs/ Rozgaar Melas** have taken place till date across the state through which a considerable number of candidates have been placed. The Job Fairs were held at district level providing opportunities to candidates belonging to multi-faceted domains. The Mission even facilitated the interviews of the trained candidates through video conferencing, leaving no stone unturned as far as placements of the resources is concerned.

Placement Performance Matrix/Tracker

In order to gauge the performance of field team specifically related to placements, a Key Performance Indicator known as Placement Performance Tracker (PPT) has been developed which is updated and represented every week. PPT gives a 360 degree preview of the efforts, field team has been putting up for the ultimate goal of the Mission i.e “Placements/Employment”. Further, the various key performance indicators have been given weightage based upon the intensity of importance in placements, and, district(s)/field staff performance can be evaluated as an average of marks obtained over the time period.

Key Objectives:

1. To maintain a transparent performance measurement matrix.
2. To establish a mechanism of recognizing/rewarding star performer(s).
3. To identify performers and Non- performers from DSCs and PMs.
4. To nominate/announce star performer of the month or/and of particular time period as desired.
5. That entire organization will operate from a single verified version of inputs.
6. Frontline employees including Project Manager and District skill coordinator can see the “thread” that connects their daily performance with the performance of the organization.

Social Media Initiatives

The facebook page of HSDM has been brought into action by posting all the ventures that are taking place in recent times. For acquisition of information on ventures taking place at HSDM, connect with us on our Facebook page at:

<https://www.facebook.com/haryanaskill/?ref=settings>

Regular updates about the endeavours/activities taking place at HSDM are being highlighted through HSDM’s Facebook Page, YOU TUBE and other channels via e-mails, messages to students, TP’s and other stake holders.

The Mission since its inception is actively engaged in provisioning of skill training to the dropouts, unemployed youth of Haryana so to make them employable and competent to take up wage/self employment.

The Mission had initiated a series of Webinar Sessions of 60-90 minutes duration hosted by experts from various fields to keep its stakeholders engaged, motivated and educated in this epidemic time. These webinars were volunteer in nature and were attended by our trainees, faculty, staff, management and sometimes even by the people sitting at helm of the affairs.

The webinars aimed to provide the participants with an insight into the latest skill sets and knowledge on the desired domain. The webinars series till date has been spellbound and a great success for the Mission with participants showing keen interest in all the sessions and obtaining meaningful information.

Below are the key highlights of the webinars conducted till date.

SAKHA Campaign:

Mission has taken some innovative steps, Haryana Skill Development Mission in collaboration has undertaken the Suraksha Kavach Aviyan (SAKHA) Campaign during the period of lockdown with an objective to produce and distribute 2 million face masks across the length and breadth of the State of Haryana. The Mission has undertaken a multipronged strategy in order to achieve the objectives.

During the period of Lockdown and till now a total number of **1600000 (Sixteen Lakhs)** face masks have been distributed to the people in the State of Haryana in coordination with the District Administration. Mission has received a commitment of 17,00,000 masks from various donors across 22 Districts of Haryana.

Mission has collaborated its efforts with 100+ stake holders like: HSDM empanelled Training Partners, Industry Partners, Self Help Groups, supporters, Voluntary agencies and Non- Government organization. COVID Senani District Team with representatives of Training partners and District Coordinator of HSDM were made responsible for production and distribution of masks in the State with the help and support of the District Administration. Through this campaign we would able provide livelihoods to 300 youth across various District of Haryana.

The campaign is giving the people of the state a feeling of accomplishment by including them in this state level drive to do their bit to save life.

Once again proud to share that the SAKHA Campaign has gradually evolved over the period of time to become a people's driven campaign. A true campaign of Social Vision.

The campaign is aligned with the Hon'ble Prime Minister's clarion call of #AatmaNirbharBharat or self-sufficiency movement reforms and welfare. In what has been a one - of its kind effort the entire cycle of production has been done in the various training and production centres across the State of Haryana has provided employment and entrepreneurs opportunities.

About "SAKHA"

Haryana Skill Development Mission-(HSDM) in collaboration with Shri Vishwakarma Skill University (SVSU) has launched the Suraksha Kavach campaign – (SAKHA) with the objective of producing and distributing 2 million masks across the length and breadth of State of Haryana to fight the Covid-19 Pandemic. The availability of face masks with everyone is important in view of better personal hygiene and protection of communities during this crisis. Sakha is inspired by the vision of Hon'ble Chief Minister of Haryana, Shri Manohar Lal Khattar & under the able guidance & mentorship of Hon'ble Vice Chancellor's & Mission Director Mr. Raj Nehru Ji.

The masks that are being produced and distributed, door to door in the state, comply with government specified norms, i.e. cotton based with 3 pleats, washable and reusable and are #SavefortheEnvironment.

The Campaign is an endorsement of the Nation's populist call for Local production, make in India and #VocalforLocal. Managing the current state of pandemic crisis is not possible without inclusivity and public participation at local level.

We are pleased to share that the SAKHA campaign is measuring up to this expectation. It has taken a concrete shape, and has been able to tap the sense of social cause, from the Nukud Sabhas organized at Palwal by SVSU Team to mass mask production in Gurugram and Mewat. The extraordinary distribution channel created by HSDM team to safely handover the masks to the needy has been the highlight of this campaign.

This campaign is giving people of the state a feeling of accomplishment by including them in this state level drive, and involving them in this field level effort to do their bit to save lives.

Once again, we are proud to share that the SAKHA Campaign has gradually evolved over period of time to become a people driven campaign. A true grass roots, door to door campaign in the local neighbourhoods of Haryana, born out of Social Vision of exceptional leaders.

The campaign is aligned with the Nation's clarion call of #AatmaNirbharBharat or self-sufficiency movement reforms and welfare. In what has been a "one of a kind" effort, the entire cycle of production has been done in the various training and production centres across the State of Haryana to provide employment and entrepreneurship opportunities. Under this Campaign HSDM and SVSU have collaborated and combined the efforts of 100+ stake holders like: HSDM empanelled Training Partners, Industry Partners, Self Help Groups, supporters, Voluntary agencies and Non-Government organization. COVID Senani District Team with representatives of Training partners and District Coordinator of HSDM were responsible for production and distribution of the Masks in the state.

About "SAKHA"

India, like the rest of world is dealing with an unprecedented pandemic. The Covid-19 has impacted the socio-economic and political world order drastically.

It is long drawn battle. We must be prepared to face the consequences, impacting every walk of life and sector of economy. Since there is no vaccine for the disease, its recurrence, as we relax the lockdown and permit usual socio-economic activities is highly probable. We should be prepared to enter into a different type of social system and practice where distances are maintained and hygiene and sanitation is of paramount importance.

The campaign of such scale and magnitude needed support from all the relevant stakeholders. In order to accomplish this aim, our first priority was to collaborate with all stakeholders on state-wide and local level to get the project underway and moving towards realization.

In order to accomplish this task a multi-pronged strategy has been adopted by the SAKHA Project Team:

- HSDM and SVSU have collaborated and combined the efforts of 100+ stake holders like: HSDM empanelled Training Partners, Industry Partners, Self Help Groups, supporters, Voluntary agencies and Non-Government organization. COVID Senani District Team with representatives of Training partners and District Coordinator of HSDM were responsible for production and distribution of masks in the State.
- Provision of Raw Material/ Fabric There are some agencies which have given their consent to produce face masks at their centre free of cost. The only support which they require from the Mission is the provision of raw material, Fabric etc for the purpose of stitching.
- Job Work through HSDM Training Partners and Self Help Groups There are some agencies which have agreed to stitch the face masks for us at a minimal cost with the help of local self-Help Groups and local skilled workers. Finished Product Vendors Some vendors have also been identified by the Mission Team who can instantly supply a sizeable no of face masks (finished product) to the SAKHA Project Team, at a reasonably cheap cost. The sponsors and supporters may also directly procure and provide to the team or they may procure it on their own as well.

About "SAKHA"

The respective District level SAKHA Committee has also been created by the project team and with the help of local administration the distribution of masks shall be achieved.

"You can be a part of mission"

- Provision of Raw Material/ Fabric**
There are some agencies which have given their consent to produce face masks at their centre absolutely free of cost. The only support which they require from the Mission is the provision of raw material, i.e. Fabric etc for the purpose of stitching. The sponsors can directly help in procuring the cloth fabric.
- Job Work through Self Help Groups**
There are some agencies which have agreed to stitch the face masks for us at a minimal cost with the help of local self Help Groups and local skilled workers. For this the cost of labour/workmanship needs to be paid to them directly. The Universities or Institutions are also free to get it made at their own level, through their own sources and hand over details to the local Mission Team.
- Finished Product Vendors**
Some vendors have also been identified by the Mission Team who can instantly supply a sizeable no. of face masks (finished product) to the SAKHA Project Team, at a reasonably cheap cost. The sponsors and supporters may also directly procure and provide to the team or they may procure it on their own as well.

Udyog Mitra: Apprenticeship based Industry integrated training

In wake of Pandemic, HSDM team has been closely working with industries in each district and has identified various job roles where industry is having requirement of skilled professionals. Mission has in some cases already entered into an MOU and it would be a great opportunity if we quickly respond to them under our UDYOG Mitra scheme. This will pave a good opportunity for the state domicile youths to be skilled and employed through industry.

1) Potential vacancies of Industries who are Registered Establishments

We have reached to a total 50 Industries out of which 20 Industries both from manufacturing and service sector shown their willingness and eager to work with HSDM for hiring manpower and training under the Optional Trade Apprenticeship through Udyog Mitra scheme.

2) Prospective Industries which Participated in Webinar:

As per the direction of Joint Director, HSDM A webinar was organised to promote NAPS and Udyog Mitra scheme in which more than 100 participants joined that webinar.

3) Proposal Received under Udyog Mitra till date

HSDM has received +20 proposals till date from different sectors to enrolled under Udyog Mitra and are under process.

Over All more than **80 companies** has shown interested and willing to be a part of Udyog Mitra Scheme.

The Udyog Mitra scheme envisions a mechanism to drive “**Skills by the Industry, for the Industry and In the Industry**”. This industry-friendly, flexible model incentivizes Industry for actively participating and seamlessly enabling a cost-effective value-chain for creating industry-trained manpower, to drive and enable their own growth path. Through this scheme HSDM aims to institutionalize a robust “Earn& Learn” model for the youth that integrates Industry driven Skilling, Apprenticeship and Employability. The youth are presented with a unique opportunity to acquire industry-aligned skills and shop-floor experience.

The Skilled Care Giver project has been rolled out in collaboration with the Department of Skill Development and Industrial training and the Haryana Skill Development Mission. To start with Haryana Skill Development Mission had collated a list of approximately 500 trained candidates under its banner whose services could be utilized as Skilled care givers. These candidates have been trained in courses like Home Health Aide and General Duty Assistant.

A test of the applicants who were interested to engage their services as Care givers was conducted in the ITI s across the Districts of Haryana following which the candidates who passed the examination underwent a Police verification.

As on date a total no of 260 Care givers have registered themselves on the Jan Sahayak Portal of the Government of Haryana and their services will be engaged.

Most humbly, I take this opportunity to apprise you the above activities that haven been possible under your visionary guidance and ongoing support.

Regarding Recognition of Prior Learning of Migrant Labour.

The wide spread of COVID-19 pandemic has created a situation where the inbound and outbound migration has seriously impacted the lives and livelihoods of the common citizen in the State and Nation. Realizing the fact of loss of livelihoods of the migrants who have returned Haryana, it is critical to device mechanisms to map the individual skills with the Industrial requirement at their home district or its vicinity based on their skills set. A brief overview of proposal during meeting is as follows: -

A flexible proactive regulatory approach is required that would allow for demand and shortages to drive recruitment of migrant workers, while also being adaptable to territorial and sectorial variations, would be optimal. Following steps need to be adopted to link the returning workers to jobs in Haryana: -

i) Identification & skill mapping of migrant labours: - District administration will identify returning migrant workers & get their basic information & aspiration with the help of GITI Principal

& HSDM field staff. SDIT Haryana, HSDM and Employment Department Haryana will do the skill mapping of returning migrant workers identified by the District Administration.

ii) Linking the migrant workforce to jobs: - Employment and skilling opportunities need to be first explored through various Government schemes like Construction projects by NHAI, MGNREGA, Jal Shakti Abhiyaan, Deen Dayal Upadhaya Grameen Kaushal Yojana etc. It will be executed by connecting active job seekers and private establishments looking to through the Rozgar Portal.

iii) Providing skill training where ever required: - Workers interested in upskilling will be skilled through Recognition of Prior Learning (RPL) and those who couldn't be linked to jobs can be upskilled by enrolling in short term skilling courses through Haryana Skill Development Mission.

Accordingly, W/DG-SDIT-cum-Special Secretary, to Govt Haryana, SDIT Department has directed HSDM to provide Recognition of Prior Learning (orientation or orientation+ bridge course) to train the migrant labour based on their skills set or interest and certify them as per the National Skill Qualification Framework for their employability. A proposal has been drafted and sent for further approvals.

INDUSRTY Engagement Tracker

A weekly tracking sheet has been developed by the Mission to track the week – on – week performance of the field staff on critical parameters related to training. Since in the aftermath of the Corona Crisis the trainings are on a hold, currently the District wise placements and the District wise Industry connects are being tracked through this sheet.

The Tracker is an objective tool to indicate the performance of the District level staff on important parameters related to training. An exhaustive exercise has also been carried out by the District Level staff in each district which involved primary and secondary collection of data to identify the job roles which are in demand in a particular district. The jobs have been identified basis their relative potential to employ the trained candidates. The Groundwork that has been carried out by the District Level staff will help the Mission to take an informed decision for the introduction of the right kind of courses in the Districts.

One DISTRCT One Product Concept

Aim of District Focused Product Initiative (DFPI)

The programme aims to encourage more visibility and sale of indigenous and specialized products/ crafts of Haryana, generating employment at the district level.

The Haryana Government's **District Focused Product Initiative (DFPI)** aims to encourage indigenous and specialized products and crafts. Haryana is very capable of production in few sectors such as Agriculture, Mining, Apparel, IT, Manufacturing. But many of the art/ traditions/ resource/ product/ community traditions are dying, which can be revived through modernization and publicization. The scheme would help Micro, Small and Medium Enterprises (MSME) to produce and promote products that are unique and produced in abundance in Haryana.

The objectives of the District Focused Product Initiative (DFPI) Initiative are as follows:

- Preservation and development of local crafts/skills and promotion of the art
- Increase in the incomes and local employment (resulting in a decline in migration for employment)
- Encouraging entrepreneurship mentality and capability of the youth
- Transforming the products in an artistic way (through packaging, branding, advertisements).
- To connect the production with tourism (Live demo and sales outlet – gifts and souvenir).

To take the product of District Focused Product Initiative (DFPI) to national and international level after successful implementation at the State level.
