Pradhan Mantri Kaushal Vikas Yojana (PMKVY) is the flagship scheme of the Ministry of Skill Development & Entrepreneurship (MSDE). The objective of this Skill Certification Scheme is to enable a large number of Indian youth to take up industry-relevant skill training that will help them in securing a better livelihood. In this scheme, any unemployed youth or, school/ college dropout can get skill training regardless of his urban/ rural background. Mission started implementation of PMKVY-CSSM component since the year 2017. The detail of scheme are highlighted as under:

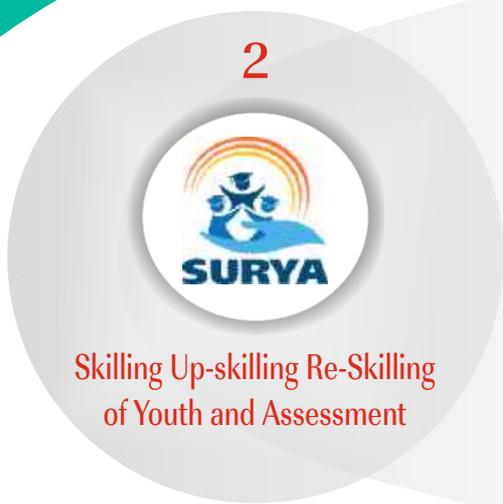

Positioning of PMKVY Scheme to 1st Rank

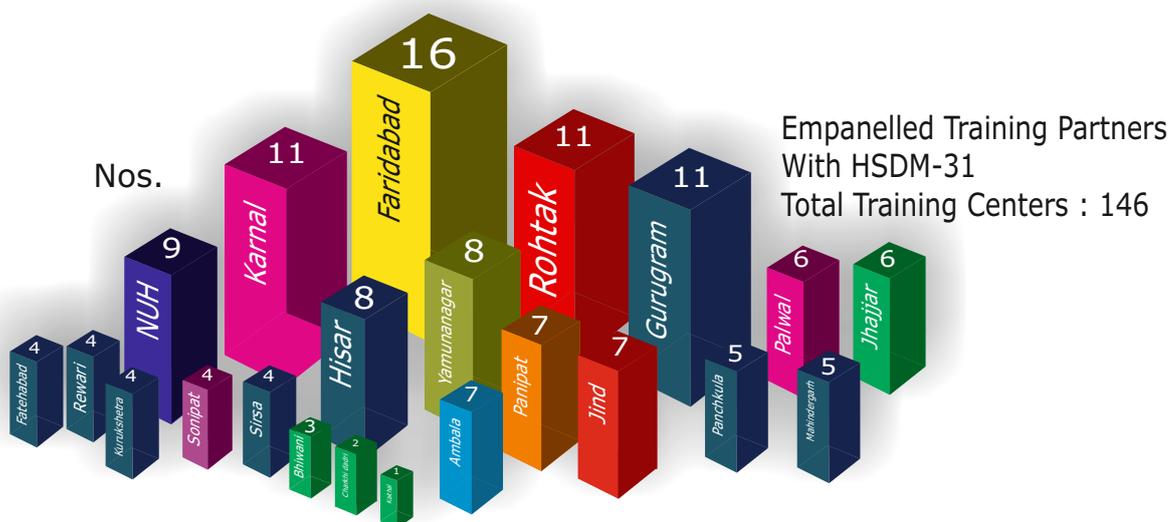

Pradhan Mantri Kaushal Vikas Yojana (PMKVY) is the flagship scheme of the Ministry of Skill Development & Entrepreneurship (MSDE). The objective of this Skill Certification Scheme is to enable a large number of Indian youth to take up industry-relevant skill training that will help them in securing a better livelihood. PMKVY in Haryana was commenced on an ordinary note without much fanfare. As we began from scratch, there were several stumbling blocks. Firstly, non-working of SMART & then portal working was comparatively new activity for which we lacked adequate expertise. Initially the TPs showed tepid response & their capacity building was done through workshops. Notwithstanding to these hurdles as we moved forward, these stumbling blocks were transformed into stepping stones. Mostly the difficulties were overcome timely, credit goes to the entire team & our Leadership. The project gained momentum and we have accelerated from 14th rank to proud 1st rank in Pan India ranking as on 31st March 2019 under the category of Target achievements & still striving to become better.

Skill building has been viewed as an instrument to improve the effectiveness and contribution of trained workforce for the modern industry. Developing skilled workers enhances the efficiency and flexibility of the labour market. Self-employment and small business also plays a vital role in the economy. To overcome this challenge, Skill Development and Skill Up-gradation needs to be undertaken.

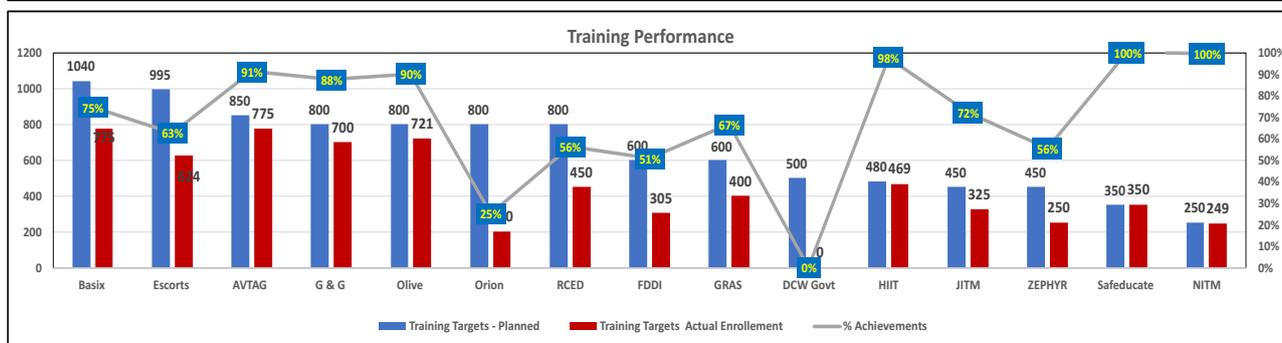

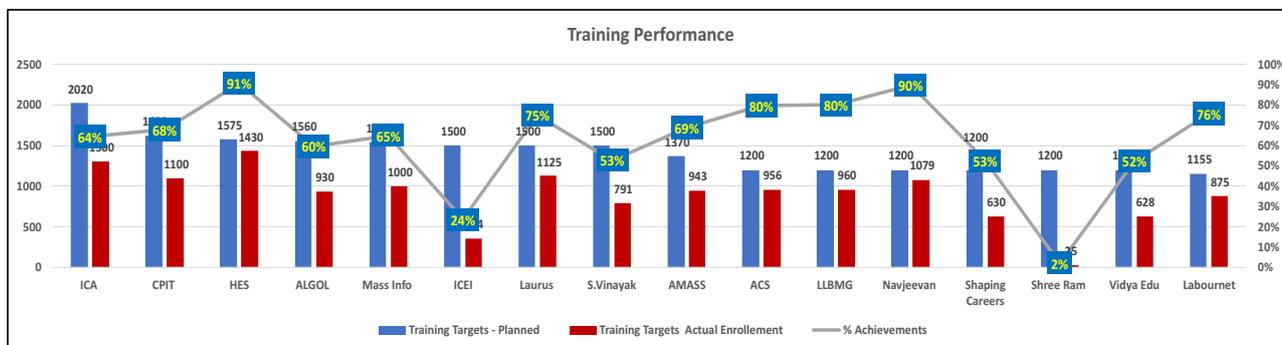

For wage/ self-employment to the youth Haryana Skill Development Mission has been constituted which will provide industries compliant skill training to the youth of Haryana. Under the scheme HSDM signed MoU with 31 Training Partners to implement the scheme across all 22 Districts of Haryana. The progress and achievements under this scheme mentioned in the report.

District Wise Training Centre

Training Partners Performance – (Training Enrolment)

HSDM in partnership with NIESBUD has developed offerings for Teacher/Trainer Training Program on Employability, Entrepreneurship and Life Skills. The objective is to upskill teachers and trainers in Haryana state who can go back and incubate, curate and inspire the Entrepreneurial mindset amongst the students through a formal process.

Department of Employment

Saksham Yuvas Scheme has been approved by the Haryana Government in 2016 to provide monthly Unemployment allowance to educated youth and Honorarium to the eligible Post Graduate applicants for honorary assignment in various Departments / Boards / Corporations / Registered Societies etc. under Haryana Government and in Private Companies/Enterprises.

The main objectives of Scheme are:

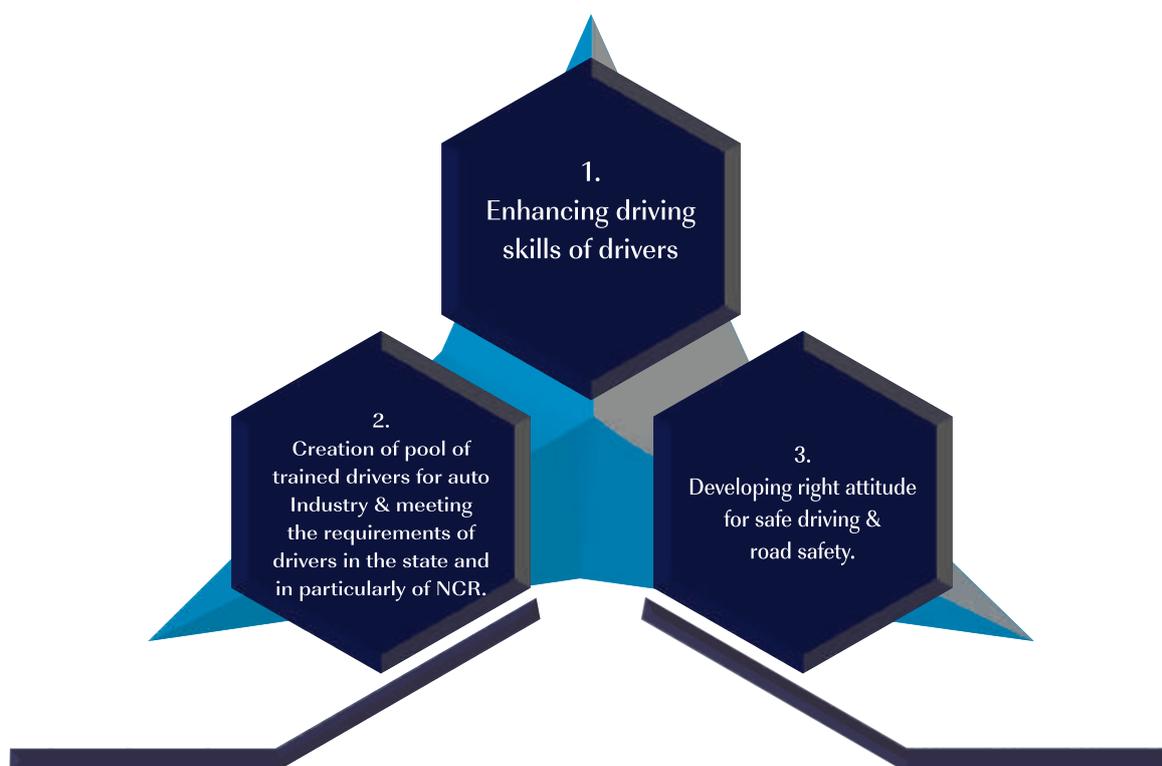

- 1-The Scheme aims to provide Unemployment Allowance & Honorarium to the eligible youth.
- 2-This Scheme is to enable such youth to develop their skill which in turn will enable them to take up Employment or Self-Employment in the Sector of their choice, since this scheme empowers the youth to choose the Sector in which they would like to develop their Skills.

The project is put on hold since October 2018.

The studies of various road accidents carried out in the past have indicated that these accidents were avoidable, had the drivers undergone the proper training with steering practice and theory offered to each trainee based on the syllabus prescribed in the Rules of C.M.V. Rules, 1989. In the First phase car driver Course offered. Haryana skill development mission intended to impart safer driving skills to drivers and to reduce accidents on roads. This driving course focused on the following benefits:

- Shri Vishwakarma Skill University developed a Driver's Booklet for ready reference of drivers and driver's Training Institutes. The same booklet was officially inaugurated on the eve of World Youth Skills Day and distributed on 15th July 2018
- Nuh was targeted as one of the priority Districts under DT scheme and could able achieve 100% training target during the financial year 2018-19.
- Mission achieved a training target of 1,350 against 5,000 Training Target for the Financial Year 2018-19.

HSDM STRENGTHS

Monitoring Desk

HSDM started empanelment of training partners from the year 2015. Initially HSDM did not have its own adequate staff to conduct audits and inspections and hence the help of ITI Principals in respected district was sought. The Principals of respective district would inspect and audit the training centers before they were approved for starting the batches.

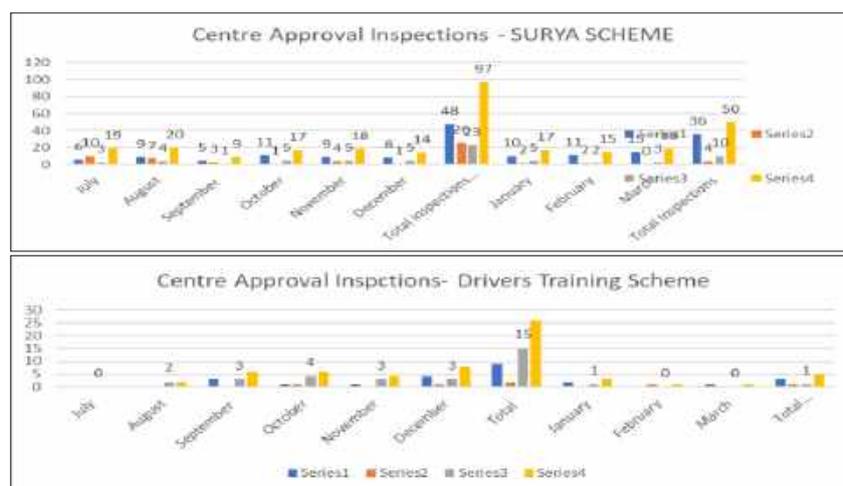

During this period the initial quality checks were broad and not specific. Consequently, the initial quality checks were not detailed and structured.

This had also resulted in delayed quality assessments of candidates and subsequent delay in raising of invoices by training partners even after several months of completion of the batches.

In April 2019 HSDM created a structure and made a provision for developing a Monitoring team with a purpose of starting and institutionalizing quality, standards and compliances. The team created a manual, guidelines and circulated it to all the training partners

At the same time the Monitoring team organized several handholding and orientation workshops for the Training Partners and the District staff to orient them on the Monitoring manual and guidelines. Below is the status of inspection procedure on center approvals, batch completion. Monitoring team has developed a detailed guidelines for ensuring quality training and ensure standards across all the training centres of HSDM.

- Status of Inspections** :Center approval inspections checks are done based on the following parameters which are grouped into following three parts-
 - Mandatory parameters as per work order
 - Mandatory parameters as per academic excellence
 - Discretionary parameters which would also be incorporated in rankings.
- Actions taken on center Approvals since July 2018**

3. *Batch completion inspections for all schemes* –

These inspections check the level of quality maintained by training partner during the delivery of trainings and are conducted in a structured manner by sharing an inspection schedule with field staff and ITI principals for the entire month. The field staff conducts the inspection on scheduled day and shares the filled up checklists reports which covers all the major parameters related to training in addition to following parameters:

- Availability of batch files as mentioned in work order
- Availability of placement file
- Availability of post placement tracking file
- Verification of appointment letters of staff
- Monitoring Manual: HSDM created a structure and made a provision for developing a Monitoring team with the purpose of starting and institutionalizing quality, standards and compliances. The team has successfully created a Monitoring Manual version-1, which has all inspections and payment guidelines for the ready reference of all. Subsequent changes/ amendments/modifications are being undertaken in the next version of the Monitoring manual.

JOB FAIRS/PLACEMENT DRIVES

HSDM in collaboration with its training partners encloses a reservoir of around 50,000 students (aspiring for job opportunities) belonging to multi-faceted domains. Envisioned with the aim to unlock future trails for these aspirants, Placement Division of the Mission has put up its concerted efforts to create an environment for placements of the trained candidates. Around the year, Job Fairs and Rozgaar Melas have taken place at different districts of the state wherein over thousands of aspirants participated and were benefited with employment opportunities.

PLACEMENT SUMMIT- 2019

The Mission has put up concerted efforts for the placements of the trainees who have been trained by empanelled Training Partners under different schemes across the State of Haryana. As a result, there has been a considerable improvement in the placement figures of the trained youth. HSDM has always believed in commending the youth to inspire and motivate them to scale greater heights. Keeping this in view, a Placement Summit 2019 was organized on 24th February, 2019 at Convention Centre, Faridabad to recognize the efforts of successful trainees, national skill winners, valued Industry and Training partners who have played vital role in success of the Mission over a time period. This felicitation ceremony took place in the presence of Chief Guest, Shri Vipul Goel, Honorable Minister, Government of Haryana, Industries & Commerce, Skill Development & Industrial Training and Environment Minister. This placement summit was hosted by Shri Devendra Singh, IAS, Additional Chief Secetary to Government Haryana, Industries & Commerce, Skill Development & Industrial Training and Shri Raj Nehru, Mission Director, Haryana Skill Development Mission & Vice Chancellor, Shri Vishwakarma Skill University.

Anil Kumar

Olive Heritage Vocational School, Gurugram

”

According to Anil 'The training in a job role of Security Guard led to a great career growth with some very good earnings. He now has been able to take better care of his family and is suggesting his other friends too to take advantage of such initiatives of Govt. of Haryana towards skill development in different job roles.

BACKGROUND

Anil Kumar contacted Olive Heritage Vocational School after learning that there is an Unarmed Security Guard training available free of cost at Olive Heritage Vocational School, Gurugram Centre, a renowned Security training school in NCR region with recommendable training and placement record.

UNIQUE LEARNING EXPERIENCE

After completing this training from Olive Heritage Vocational School under Haryana Skill Development Mission, he was placed with Maruti Suzuki at a delightful salary of **Rs.14,500** with other benefits. Anil learned every part of the course thoroughly and was excellent in practical training during the course. He was more interested in physical training during Course and gave his full attention.

NEW SKILLS TO KICK-START MY CAREER

This helped him to get selected by G4S security solutions and due to his passion towards his job, G4S sent him to **Maruti Suzuki Gurugram plant**. He and his family have all the praise and thanks towards such wonderful initiatives of state government for training the youth in different skill areas.

“According to me, unemployed person must attend skill development courses as per his/her interest. I owe my success to skill training without which I was all raw. I am of the opinion that various skilling courses helps an individual in developing skills and confidence. I thank honourable Prime Minister, Shri Narendra Modi and Haryana Government to start these skill training that are helping unemployed youth to get specific training and get a job.”

BACKGROUND

Before joining the skill course, she was a homemaker but always has an intend to do a job. However, she didn't get any success besides putting up lot of efforts. Then one of her friend's told her about Govt. of Haryana initiatives in imparting skill training. She explored everything regarding this via official website and found nearest centre from her place.

UNIQUE LEARNING EXPERIENCE

As she has a keen interest in beautician profession, she inquired everything about course related to Beauty and Wellness and decided to go with skill training in pedicurist and manicurist job role. On the first day of orientation program she came to know about the wider scope in Beauty and Wellness and current job opportunities. Training session consists of practical and theoretical classes followed by soft skills training which improved her communication skill to large extent. Meanwhile, her friends and family members have seen drastic change in her personality which motivates her a lot.

NEW SKILLS TO KICK-START MY CAREER

She took this training program very seriously and got rewarded for it by passing the assessment and getting a government certificate. This boosted her confidence to appear in competitions, interviews and other affairs. Her dreams turned into reality as she got placed as a beautician and is working very happily!!!

“

I decided to enrol for the Documentation Assistant program and it has completely changed my life. During the course, I not only learned domain skills but also learned English & Soft Skills. These classes helped me groom myself, prepare for interviews, operate a Computer and deal with Customers. The course was truly instrumental in me getting a Job.

BACKGROUND

Sanjeet belongs to Kakroli village of Bhiwani District. His family consists of 6 members and his father was the only earning member in the family. Due to low family income he could not pursue his education and instead started looking avenues to support his family. But after applying for various jobs and attempting numerous interviews, he was unable to get a job. He realized in due course that he wasn't able to get a job due to lack of specific skills matching the requirement of the industry.

He subsequently started scouting for courses to prepare him for a job, that's when he learnt about the Safe Educate Learning Centre and the programs offered by the Centre under the SURYA scheme of Haryana Skill Development Mission.

UNIQUE LEARNING EXPERIENCE

Sanjeet enrolled in the Documentation Assistant program conducted by M/S Safe Educate Learning Centre in Santali after undergoing a robust counselling process which helped him understand the opportunities available for him and how this structured training program will help him prepare for those opportunities. The industry aligned domain training helped ensured readiness for the job market and the soft skills component of the program focusing on English language, IT skills & Personality development guided him to further groom and prepare himself for the future and a fruitful career.

NEW SKILLS TO KICK-START MY CAREER

After completing the program, Sanjeet appeared for an Interview in HDFC Bank for the role of a Team Leader. This time he cleared his interview with flying colours and received a job offer letter with a starting salary of **Rs 15,900** per month from HDFC Bank, one of the leading private sector banks in the country. He was overjoyed with this outcome and is determined to build his career in the banking sector.

“I always wanted to be a support system for my family, I tried but failed. Six Months ago I was wondering and struggling about my career with multiple rejections. The training programs run by HSDM & its training partner are truly helpful to the rural youth like me to find a career through the Skill treasure. The skills which I learnt during the training was very helpful in cracking the interview and get placed.”

BACKGROUND

Vikas belongs to Santali village of Bhiwani District. Vikas father is a farmer and mother is a housewife. He lives together with his grandparents, parents and siblings. His father is the only source of income and they manage the family with scanty budget. Vikas's father used to suggest him to go for further study but he knew the financial condition and how tough it is afford the further study. Therefore, he had the only ambition to find a job and support his family.

One day he learnt about the Safe Educate Learning Centre by the help of his friend which runs the Documentation Assistant course under Logistic sector. During the process of counselling he came to know that, the training program is completely free and funded by Haryana Skill Development Mission, Government of Haryana. He filled-up the admission form and started coming to training classes.

UNIQUE LEARNING EXPERIENCE

Vikas enrolled in Documentation Assistant program under SURYA scheme conducted by M/S Safe Educate Learning Centre established in Santali. During the 1st week of training he witnessed some of the previous batch students were hired by various logistic companies that encouraged him to learn the skill with sincerity. He learnt about various skills set under logistic and supply chain management under domain skills. The English language skills, IT Skills and personality development classes guided him to develop the key competencies in him as Industry requisites and prepare him for the future successful career.

NEW SKILLS TO KICK-START MY CAREER

After completion of this training, Vikas faced the 1st interview with *M/S Rivigo Logistics Pvt Ltd* based in Gururgram. He convinced the employer by his skills he learnt during the training and received offer letter. Now he is drawing salary @ **Rupees 16,126** per month excluding other benefits like PF and ESIC. Dev Institute, Hisar

”

“My name is Renu and am running my own beauty salon at Fatehabad after undergoing skill training in beauty and wellness sector under HSDM scheme. I am thankful to HSDM for providing training which provided me such wonderful platform to start my own business in the area of interest to me. This initiative of Government gives an opportunity to poor and unemployed youth to prove their expertise in relevant field. I am also thankful to Dev Institute for giving the youth a great chance to build their bright future”

BACKGROUND

Before training, she wasn't working anywhere though she always has an intent to start a business of her area of interest. With the set-up of a beauty salon, Renu now is not only earning her livelihood but has offered employment opportunities to others in the society. She is not only a good financial support to a family but also a motivator and role model for several others in the society.

UNIQUE LEARNING EXPERIENCE

After training, she has not only improved her domain skill set but also developed overall confidence and art of communication to a large extent. She is living her life independently. In training, the most important skills she learned were related to the core domain. According to her, she always dreamt of starting her own business but doesn't have proper guidance and confidence to do so. However, after attaining training she not only learnt domain specific skills but also customer interaction and several other things which ultimately motivated her to start a beauty salon.

NEW SKILLS TO KICK-START MY CAREER

She is happily going with her salon and has even created employment opportunities for others in her neighborhood.

MOBILIZATION CAMP AT INTERNATIONAL GEETA JAYANTI MAHOTSAV KURUKSHETRA-DEC 2018

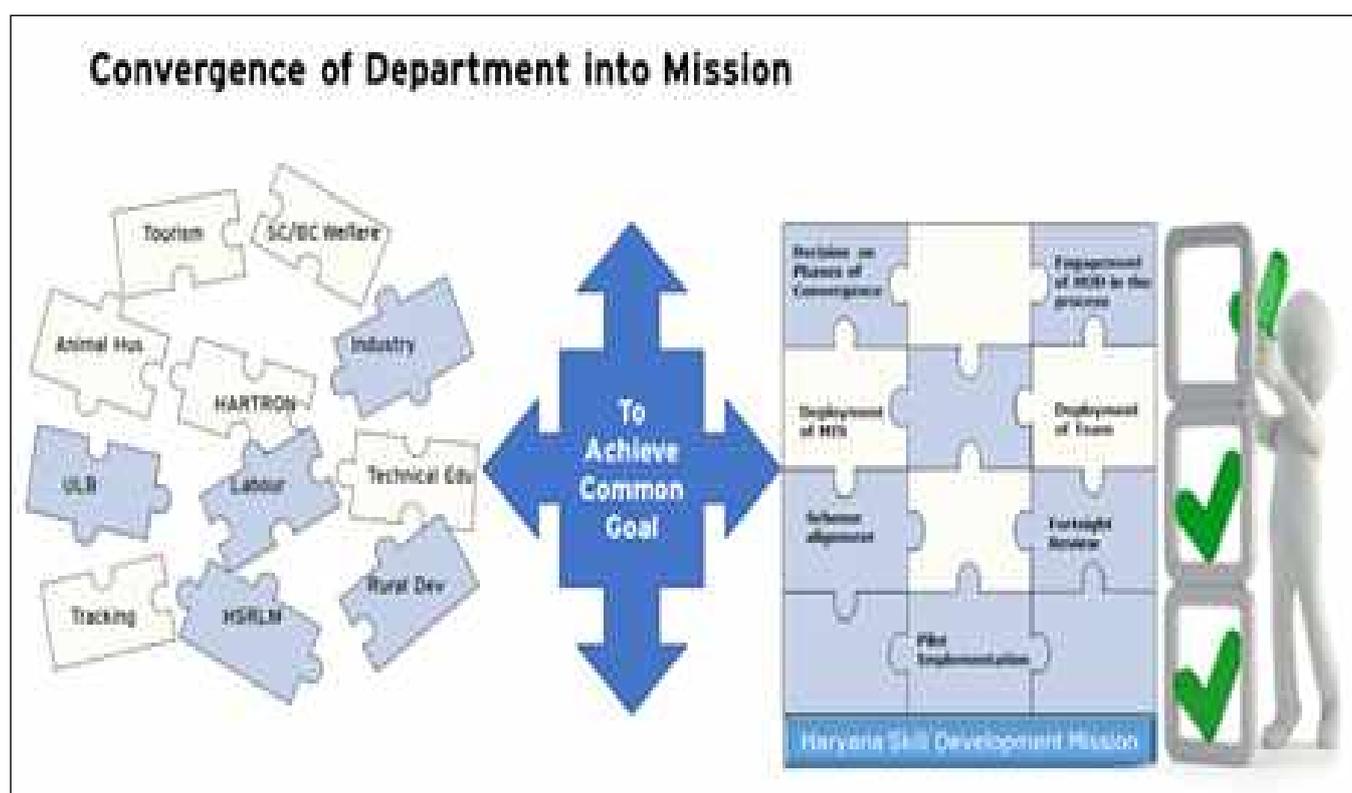

Envisioned with the aim to spread awareness about Skill Development courses being started by Government of Haryana in various fields. Haryana Skill Development Mission has proactively organized a campaign in International Geeta Jayanti Mahotsav from 7th - 23rd December, 2018 in Kurukshetra. The fair, every year is known to assimilate, huge populace from various regions of the nation comprising of youth aspiring to acquire jobs in various domains. Considering the fact that huge count of people from various districts, towns, villages shall be visiting Mahotsav, HSDM launched an awareness campaign to guide youth and spread awareness on various skill development courses being offered by its Training Partners around several towns in all districts of Haryana. HSDM opened free registrations at International Geeta Jayanti Mahotsav through which youth coming from different villages/towns can avail the skill based free trainings in their districts at the centres closer to their homes.

New Initiatives (Coming Soon)

New Initiatives (Coming Soon)

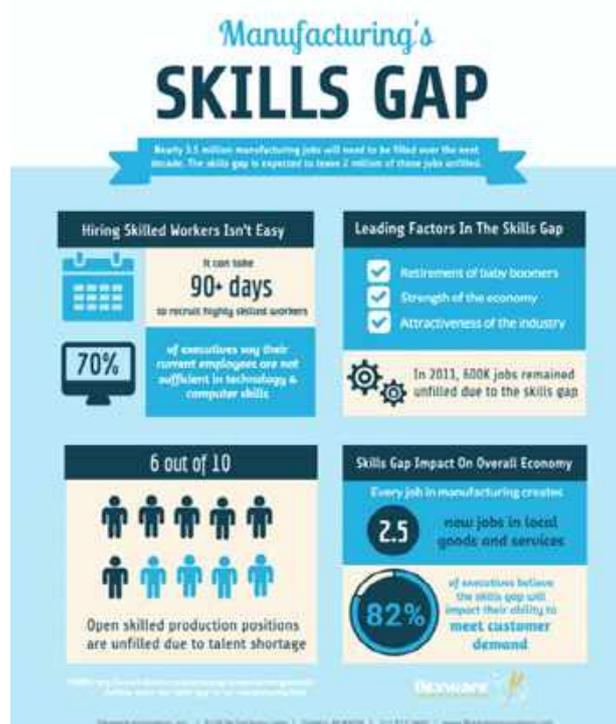

1. Convergence of Departments engaged in short term skilling

Presently, there are multiple skill development schemes being implemented across various Departments in Haryana. These schemes are administered, implemented, funded and monitored distinctively, which leads to multiple issues like absence of centralized information management, non-uniformity in scheme guidelines, diverse budget, complex delivery mechanism etc. From the student's perspective also, it gets confusing for the individual candidate to choose and apply to different government schemes. One of the main components of Haryana Skill Development Mission's Skills mandate is to ensure administrative and operational streamlining of all skill development schemes. Worthy Chief Secretary to Government Haryana took a decision on the similar lines to converge training information of all skill development schemes under Haryana Skill Development Mission. Subsequently, Hon'ble Chief Minister, in a meeting held on 17.10.2018, had also directed to converge all short-term skill courses under Haryana Skill Development Mission along with their budget.

2.Skill Gap Study

The overall objective of the Skill Gap study is to assess the district wise skill gap both in terms of quantifiable number of youth required to be skilled to meet the demand for skilled labor and the skills & competency levels as per the industry demand on which the youth needs to be skilled. The study will be leveraged by the state of Haryana to develop suitable skilling interventions for the different districts. The details of carrying out such a district-wise skill gap study in the state of Haryana is described in the subsequent sections. HSDM has focused on institutional Strengthening at the National and State Levels for Planning, Delivering, and Monitoring High-quality Market Relevant Training. Hence, Mission has proposed to call a RFP to conduct Skill Gap Study during this new financial year.

3.Empanelment of Training Partner who have Training Centre under 4 & 5 Star Category under NSDC

A proposal was approved by Worthy Chief Secretary to Government Haryana-cum-President, HSDM and accordingly a RFP was rolled out in the month of February 2019. A total 68 Training Providers have applied under this RFP. The empanelment of these SMART accredited Training Providers will help Mission to achieve high number of targets for its various schemes including Saksham Yuvas.

4. Udyog Mitra (A scheme for the Industry to the Industry and by the Industry)

The Mission has developed "Udyog Mitra" scheme to build synergy between industry and youth of State. Under this scheme the objective is that apprenticeship is integrated with the Training /Skill Development and is being offered and provided to any student inside the industry or employer campus. The scheme incentivizes industry (employer) and candidate (employee) to make this apprenticeship integrated model successful

5. New Age Skilling (Finishing School Model)

The industry today expects youths or the entry level professionals to be skilled based on various technologies like Internet of Things, Artificial Intelligence, Robotics, Big Data etc. and these technologies requires specialized trainings. There are various training institutions in and outside the country which offers blended solutions at premium prices. The Mission will do a mapping of critical job roles and skill sets required to perform them and will try to empanel organizations who offers these programs. The Mission will negotiate the prices and will offer this to the youths of Haryana including students in various institutions ready to enter into employment market. The scheme will have the option of co-pay given that the program selected and offered would be of premium nature. Haryana Skill Development Mission will work on the details of the project.

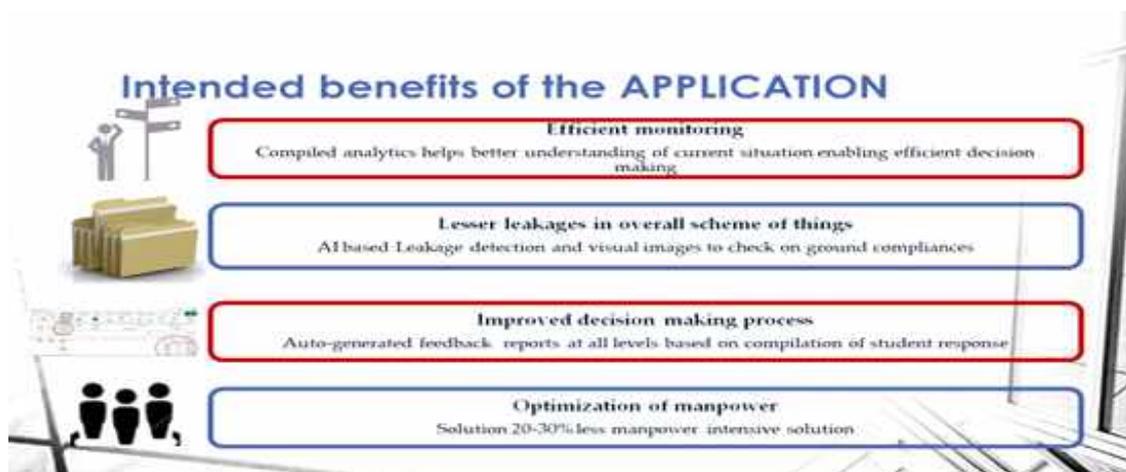

6.Skill Summit

To showcase the present scenario of skill ecosystem in the state of Haryana, map it against the future trends, identify future jobs, skill requirements, a way to re-engineer the skill ecosystem a Skill Summit is proposed. Summit will involve various industries, technologies and corporate segments from various sectors to showcase future of jobs, need and strategy for developing capacity and capability & technology. The Summit will also examine collaboration between Schools, Colleges, Polytechnics Universities and Industries for skills development. In addition to this the summit will also focus on the generation, acquisition, and adoption of knowledge (innovation and technology transfer) and the promotion of entrepreneurship. The detailed proposal for skill summit is being prepared.

7.Mobile Application for Monitoring

Haryana Skill Development Mission is planning to empanel tool partner to develop an application for the monitoring of the trainings at field level. Based on the feedback received from National Skill Development Corporation and some other skill development missions in the country HSDM is under discussions to empanel partner for the development of the tool and implement the same in the financial year 2019-20 for quality training and improved transparency and accountability.
